

31 January 2024

## Dear SAS Puxi Parents:

We're excited to work with your students during the upcoming SAS Puxi SAT preparation course! As you may know, the SAT exam is an optional exam that is accepted by the majority of American universities as part of their application process. In addition to a strong academic performance in a rigorous school curriculum, a great SAT score can open many options to students in the university admission and application process. Additionally, a great score can sometimes weigh heavily in scholarship and financial aid awards.

For over 25 years, Higher Ground Learning has been providing SAT test preparation to students at international schools around the globe. Our instructors have years of experience, top scores, and degrees from prestigious universities. But it's not just about credentials; our instructors provide an engaging, attentive classroom experience. The course only lasts a couple of weeks, but our instructors are uniquely focused on the students, producing classes hand-tailored to each group. In addition, each student can attend a free personalized strategy session with the instructor to further tailor their approach. Flexible 1-on-1 tutoring sessions are available to help students tackle their own unique challenges.

Spaces are limited! After the class hits the enrollment cap of 16, students will be added to a waitlist for an additional section.

### May 2024 SAT Prep Class

- Taught in-person at Shanghai American School Puxi
- 11-12 & 18-19 May 2024
- Saturday & Sunday | 9:30-11:30 & 12:30-2:30
